Dear Sir,

Re: Listed Building Consent for installing Gas Central Heating Metre and Flue to 16 Overton, Ludlow, SY8 4DY.

As per our telephone conversation on Friday 18th December 2003 I am writing to confirm the discussion about the above property. The property is a Grade 2 Listed Building.

Gas Central Heating is going to be installed into the property. A semi-concealed metre sited on the front of the property and a flue for the combination boiler on the sidewall of the property. No further consent other than the telephone conversation and this letter confirming what was agreed would be required. The companies connecting the gas and installing the metre, and also the central heating installer would accept this as evidence that permission had been obtained from the local Conservation Officer.

Please would you sign the copy of the letter and return in the enclosed envelope for my records to confirm your consent.

Thank you for your assistance in this matter.

Yours sincerely,

Clare Harris
